

PIONEERS IN BIOMEDICAL RESEARCH SEMINAR

Presented by the Fralin Biomedical Research Institute at VTC and co-sponsored by the institute's Center for Human Neuroscience Research

MARIELLA DE BIASI, Ph.D.
Professor, Department of Psychiatry
Director, Program on Cholinergic Mechanisms in
Addiction and Mental Illness
Perelman School of Medicine
University of Pennsylvania

Exploring the Functional Role of Gene Variation in Nicotine and Alcohol Abuse

Dr. De Biasi will discuss the impact of nicotinic receptor gene variation on nicotine and alcohol using data obtained from both preclinical models of drug addiction and human subjects.

FRIDAY, FEB. 21, at 1 p.m.

Room G101 A/B, 4 Riverside Circle

Watch live via Zoom at <https://FralinBioMed.info/PBR-Join>
