

RESEARCH IN PROGRESS SEMINAR

Presented by the Fralin Biomedical Research Institute at VTC

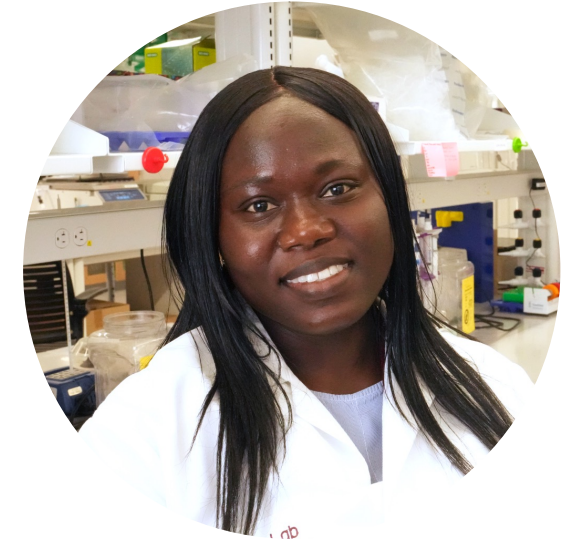

Chen-I Hsu

Paraspeckle Protein NONO Regulates Active Chromatin by Allosterically Stimulating NSD1

Abigail Doku

PERM1: A Novel Regulator of Cardiac Contractility and Function

CHEN-I HSU

Graduate Student, Biomedical and Veterinary Sciences
Yu Lab
Cancer Research Center — D.C.
Fralin Biomedical Research Institute at VTC

ABIGAIL DOKU

Graduate Student, Translational Biology, Medicine, and Health
Warren Lab
Center for Vascular and Heart Research
Fralin Biomedical Research Institute at VTC

TUESDAY, APRIL 15, at 4:00 p.m.

Room G101A/B, 4 Riverside Circle

FRALIN BIOMEDICAL
RESEARCH INSTITUTE AT VTC
VIRGINIA TECH.
