

PIONEERS IN BIOMEDICAL RESEARCH SEMINAR

Presented by the Fralin Biomedical Research Institute and co-sponsored by the institute's Center for Health Behaviors Research and the Addiction Recovery Research Center

SUCHITRA KRISHAN-SARIN, Ph.D.

Albert E. Kent Professor of Psychiatry
Yale School of Medicine

Flavors in Tobacco and Nicotine Products: Science-based Regulation

Dr. Krishnan-Sarin will highlight the use of flavors in tobacco product innovation and how they are used to enhance appeal. She will discuss contemporary issues like the use of colors, descriptors and flavor constituents to challenge proposed flavor regulations, and highlight concerns about flavor chemicals including toxicity and sensory effects.

FRIDAY, MAY 10, at 11 a.m.

Room G101 A/B, 4 Riverside Circle
Watch live via Zoom at <https://FralinBioMed.info/PBR-Join>
