

MAURY STRAUSS DISTINGUISHED PUBLIC LECTURE

Presented by the Fralin Biomedical Research Institute at VTC

DEBARA L. TUCCI, M.D., M.S., M.B.A.

Director
National Institute on Deafness and Other Communication Disorders
National Institutes of Health
Bethesda, MD

In Person Lecture: "Living your Best Life: How Hearing Well Contributes to Healthy Living and Healthy Aging"

Hearing loss affects 18% of the world's population, and is the fourth leading cause of disability worldwide. In the United States, hearing loss crosses all age groups and demographics, but the significant impact in older adults is just beginning to be recognized. Recent advances hold promise for prevention and treatment of hearing loss, as well as in facilitating accessibility to hearing care for improved quality of life.

THURSDAY, APRIL 14 at 5:30 p.m.

Reception and hors d'oeuvres at 5:00 PM in VTC Cafe
Room M203, #2 Riverside Circle

Lecture can also be viewed virtually <https://virginiatech.zoom.us/j/89350646999>
