

MAURY STRAUSS DISTINGUISHED PUBLIC LECTURE

Presented by the Fralin Biomedical Research Institute at VTC

ROBERT M. WACHTER, M.D.

The Holly Smith Distinguished Professor in Science and Medicine
Chairman, Department of Medicine
University of California, San Francisco School of Medicine

Elected Member of the National Academy of Medicine

Virtual Lecture: The Digital Transformation of Healthcare: (Finally) a Time for Optimism

The U.S. healthcare system has gone digital over the past decade. While there have been important improvements in quality and safety, many observers have been struck by the number of unintended consequences, ranging from increasing rates of physician burnout to new kinds of medical mistakes. This talk, by one of the nation's leading futurists and bestselling author on healthcare technology, highlights why the digital transformation of healthcare has been so challenging, and why several changes in policy, technology and culture create room for optimism.

THURSDAY, FEB. 10 at 5:30 p.m.
